## Saratoga Panthers excited to return to the field

*by Mike Armstrong*

Saratoga Panther High School is returning a good portion of the team they had last year. Head Coach Logan Wright is excited for this year because he believes this might be the best team he has ever coached. His starting quarterback Frank Crimmins has earned his position according to Wright and Heston Fisher is a receiver the Panthers can rely on to produce. There is a good balance of young players coming on board, while there is ample amount of seniors playing that give the team experience to face teams in a competitive conference. The Panthers' are a team this year which knows it has the talent and experience to do well this season. Wright is feeling he has a team to watch.

## Saratoga Lady Panthers moving and shaking

by Virginia Parker

The Lady Panthers have only four seniors on the team this year but they are leading their team to win. The girls are focusing on capitalizing on their strengths as a team. "The girls never give up which is great to see," said Coach Brown. The Lady Panthers have a dynamic that will lead to wins for this team. The season is off to a fast start and the majority of the team is fairly young but with practice and focus on serving, this will be a strong team. Making improvements and finding each girls strength early on should help the Lady Panthers roll forward and hopefully make an appearance at the state level.

## Encampment Tigers come out swinging

*by Virginia Parker*

The Encampment Tigers walloped the Ten Sleep Pioneers in their first game of the season, finishing 53-0. A week later they brought the Farson Pronghorns to their knees with a 28-0 win. It doesn't take a genius to see what these boys have on their minds. Winning.

Half the team is made up of seniors and juniors that can lead the younger ones to victory, setting an example of team trust, and strength that can solidify the entire season.

With two very well played games under their belts, and five left till playoffs, these young men could set the varsity football scene on fire.

## A young team with big ambition

*by Virginia Parker*

The Lady Tigers may be a young team but they are working hard and with the help of the three seniors the younger players are learning quickly to adjust to the high school level. They are building confidence, team trust, and growing as a team.

Winning the first conference after facing some issues during warmups makes it clear that these girls are out to win and nothing will distract them from their goal. Staying optimistic and moving forward keeps these girls focused. This was obvious with a total of 48 kills at the Farson game.

"We definitely have areas to improve upon and will be focusing on those things in preparation for our upcoming conference matches", said Coach Brown.

## Young players help bolster numbers

by Mike Armstrong

Hanna, Elk Mountain, Medicine Bow (HEM) football team is coming after a year of barely able to field seven players last year. Head coach Zack Scott had no choice but to keep his players on the field all the time. This year there has been a flux of young players joining the team. The team will have 16 players on the team. Scott said the heart and spirit of the players who were on the team last year will be a major asset for the younger players to learn from. Scott is looking to start as a freshman as quarterback. He realizes this is a risk, but he has confidence in Naythen Antencio. Because the team is young, Scott expects losses, but what he hopes will happen when the season is over, the football players will have had fun playing the game.

## Laying foundations for the future

by Mike Armstrong

Hannah Williams is the new coach for the Hanna, Elk Mountain, Medicine Bow (HEM) High School volleyball team and she knows her young team will face challenges this season as the girls all learn to play together. The team does have a few seniors that will help the younger players who have joined, but this year will be laying foundations for future teams to come. Williams is happy to be the coach of the Lady Miners and believes no matter what their record, she hopes the girls will enjoy playing the game and give their best effort every week.

Rattlers look  
toward state

by Mike Armstrong

Little Snake River Valley (LSRV) Rattler football team is in a good position this year to possibly win a state championship title again. The team did not lose many seniors and is returning a team that has depth and experience.

Head football coach Jack Cobb knows he has talent in his senior and junior class, but with a team as deep as the Rattlers, Cobb is looking to see what young talent will surface. Quarterback Zane Matheson will have many players to pass to. The running game has many players who can rush, and on any given game a Rattler can have a strong game, but Kannadis Peroulis and Hadley Myers can be counted on to contribute to any game. It would not surprise many who watch high school football to see LSRV go to the championship again this year.

**Lady Rattlers aiming to be the best**

*by Virginia Parker*  
The Little Snake River Valley Lady Rattlers are pushing hard to bring home a trophy this year. With two seniors and three juniors mentoring the younger women they just might make it. It takes leadership from the upperclassmen to support and encourage them, and reach the stars they covet.  
Bringing a positive attitude and hard work to the court, they will have fun and have a successful season.

## Saratoga Cross Country Team ready for the season

*by Virginia Parker*

The air is turning cold, but Saratoga Cross Country isn't feeling it.

With several returning runners on the men's side, including the Bartlett twins, Calvin Condict and Kelton Johnson the talent is there to win and to mentor the freshman and sophomores.

On the lady's side Madison Teichman, Allison Bromley and Marilee Williams are experienced competitors that can lead their team to win, as well as grooming the younger ones to be champions.

This team has already experienced a competition at the Liberty Bell meet.

The next meet is at the Saratoga Resort Golf Course. The Shana Ward Memorial Invitational Cross Country Meet will be held Friday, September 23.

Start Times: 1:00 Jr. High Girls- 2 mile race. 1:25 Jr. High Boys- 2 mile race. 1:50 High School Women's 5K race JV. 2:20 High School

Men's 5K race JV. 2:50 High School Women's 5K race Varsity. 3:20 High School Men's 5K race Varsity.

Flat Course with grass fairways and some dirt roads. The race is run along the North Platte River, and actually crosses the river twice. The course is beautiful and has a great

number of trees (welcome shade on a hot day).

Teams should set up camps in the tree rows between fairway 1 and fairway 9. Please keep the start/finish line clear at all times. We will provide garbage bags for team cleanup after the meet. Coaches, please bring your

own water jug to the meet to have your athletes fill their water bottles from, as it is hard to get water to the facilities. We will still have water available at the finish line for athletes after their race. We will have cups there for use.
