Water and Sewer Joint Powers Board: *The next meeting is October 21st @ 6:00 p.m. at the Community Center*

Planning Commission: Councilman Nelson began to discuss the building permit submitted by Memorial Hospital of Carbon County (MHCC). Mayor Pro Tem Keel declared a conflict and removed himself from the discussion. Councilwoman Welton chaired the meeting for this discussion.

Councilman Nelson noted that he had reviewed the permit for the new MHCC Clinic to be located in Saratoga. Finding several items that did and did not conform to code Councilman Nelson prepared a bulleted list that

included the three that did not conform to code; minimum yard requirements, screening, and off-street parking. Following a number of reviews of the permit that included Councilwoman Campbell, Wally Shephard, the owner of Shephard Construction, MOA Architecture, planning commission chairman, the council and members of the MHCC board, MHCC noted they were going to revise and resubmit their plans.

Having reviewed the revised plans, Councilman Nelson found the plans to be in conformance with the code and the permit was approved. Councilman Nelson acknowledged the concerns related to off-street parking and explained the requirements of off-street parking according to 18.45.010(C) and 18.45.010(D) of the Saratoga Municipal Code. The need for screening or landscaping will be addressed at a later date. However, it was determined that the decision would not require a variance.

Randy Raymer addressed the council explaining his past experiences on several boards including the planning commission and added an historical overview of earlier decisions made concerning off-street parking. Mr. Raymer stated that on behalf of his dear friend Linda Smith, the only home residence facing the clinic in question, he disagreed with the interpretation of "adjacent" in reviewing the adequate off-street parking. He believes it would still require the 40 off-street parking spaces, not on-street parking spaces. Mr. Raymer noted that "we can all go to court over that". Mr. Raymer stated that there should have been more consideration of the people in the neighborhood that were never informed of the plans of the project.

Randy Raymer continued to address the council with concerns about the zoning issues and building permitting process currently used by the town. Mr. Raymer indicated that he has submitted several conforming building permits and has had several building permits languishing as other permits seem to be reviewed and approved. He noted his main concern is for one particular building permit that was submitted approximately 10 days prior. He also questioned the oversight of some permits that do not seem to need to follow the subdivisions process. The discussion continued with Mr. Raymer being assured by Councilman Nelson that he is using due process and due diligence in processing the current building permits and as soon as he has the information needed he will be processing the permit in question.

Saratoga Airport Advisory Board:

Councilman Nelson again requested an invoice for the loader tires adding that he has concerns about it being an allowable purchase.

The next meeting will be held on Wednesday, October 14th at 3:30 pm

South Central Wyoming Emergency Services Board: nothing to report

Specific Purpose Tax 2019 JPB report:

Councilman Nelson noted that there is roughly one-million dollars collected and allocated to the Town of Saratoga. Once the bonds are sold the funds will be disbursed to the nonbonded participants.

The next regular meeting of the Saratoga Town Council will be held on October 20, 2020 at 7:00 p.m. in the Council Chambers of the Saratoga Town Hall.
