NOTICE OF PUBLIC HEARING SARATOGA TOWN COUNCIL SRF SEWER LINE REHABILITATION PROJECT

In pursuant to Wyoming Code; notice is hereby given that a Public Hearing will be held by the Town Council of the Town of Saratoga.

Purpose: The Town of Saratoga is applying for funding through the State Revolving Loan Fund, to complete improvements to the Town's Sanitary Sewer System. The project includes the rehabilitate approximately 3,000 feet of existing sewer main lines. The work includes the replacement of two sewer main lines that cross the North Platte River. In addition to replacement/rehabilitation of the river crossings, the project would install redundant measures for both crossings. Alongside the river crossings the project will replace existing clay lines in the alleys and streets on the west side of town. Construction methods will include open cut excavation as well as, CIP methods and/or pipe bursting. We anticipate completing design in 2025 and beginning construction that fall with a completion date of spring 2026. The estimated cost of the project is \$3,150,000.00. The Town of Saratoga will be seeking a 30-year loan at 1.5 percent interest to cover the cost of the improvements. The intended use plan has a schedule showing the Town receiving a principal forgiveness for approximately 50 percent of the project cost. Special purpose tax funding will be used to re-pay the loan. The Town does not currently anticipate any additional rate increases to cover the cost of the project.
